Message From the Editor of the ADVOCATE

Good News! We did not have enough space in the Spring 2011 edition of the ADVOCATE to publish all worthy articles reviewed for 2011. A Fall 2011 edition became necessary.

We have started receiving articles to be reviewed for the Spring 2012 edition. Please submit your work by December 15, 2011. Our “Call For Manuscripts” can be found at our website: <http://atekan.org>

We are examining the possibility of an on-line journal. Please share your ideas and opinions with us by e-mailing me at bquantic@yahoo.com

A long time friend of ATE-K, Dr. Mike Perl, at Kansas State University, has retired after 35 years in Teacher Education, Field Experiences. We hope to continue to draw upon his expertise and advice for ATE-K, as we have for many years. Thank you Mike and enjoy your retirement!

The journal continues to be printed at Pittsburg State University, under the guidance of Dr. Ray Willard, Director of ATE-K.

Message From the President of ATE-K

The Association of Teacher Educators was founded in 1920, dedicated to the improvement of teacher education in the PK-12 schools and post secondary teacher preparation programs. ATE members represent over 700 universities and colleges, over 500 major school systems, and the majority of state departments of education.

The Association of Teacher Educators- Kansas publishes the ADVOCATE annually, or upon occasion, bi-annually. Manuscript submissions include research reports, position papers, action research, descriptions of existing programs or practices, and innovations in education. Manuscripts are “peer reviewed,” without the name(s) of authors or institutions. I trust that you will enjoy reading this publication. I encourage you to share it with your colleagues and encourage them to submit a manuscript. Information about the ADVOCATE and the Kansas Association of Teacher Educators - Kansas (ATE-K) is found at: <http://atekan.org>
