## Tasty teaching

The dairy bar at Kansas State University, pictured here in 1941 in Waters Hall, is a beloved tradition of students and alumni. The dairy bar opened in 1923 and was in the west wing of Waters Hall until it moved to its current Call Hall location in 1964. The sales counter serves as a retail outlet for products from the College of Agriculture's animal sciences and industry department. The product line has expanded from milk and "bricks" of ice cream to also include eggs, cheese, meat, wheat products and more than 30 flavors of ice cream. See pages 20-27 to learn how K-State continues to make food better and safer.
