This photograph by Thomas Wright at the University of Florida is the Gold Award Winner in Class 6 of the 1997 Critique and Awards Program.

"Driving to work each morning at the University of Florida, I pass through what is called the UF/IFAS farm area. There are several research facilities on this route including the citrus plot, the poultry farm, the soil science plot, the weed science plot, and the organic garden area. On this particular morning, I noticed that Gerald Spivey, UF/IFAS horticultural sciences farm coordinator, was in the organic garden area adjusting the sprinkler heads on the irrigation system. Seeing that the water was backlit, I knew that the shot had to be taken now, before the sun had a chance to get much higher. I stood at the edge of the garden well away from the 50-foot reach of the sprinklers and, with a 75-300mm zoom lens and 400ASA film, was able to capture this brief moment in time."

Thomas S. Wright
