Agricultural Communicators in Education

Send manuscripts to: ACE Quarterly, 1-98 Agriculture Building, University of Missouri-Columbia, Columbia, MO 65211.

Submit four copies on 8½x11 bond. Xerox copies are acceptable. But the editors consider a submission to ACE Quarterly as a commitment not to be breached by submission to other journals while the article is under review. With each manuscript, enclose a self-addressed, stamped postcard, with the title of the article so the editors can acknowledge its receipt.

The cover page should include the title of the article, the author(s), their affiliation, special funding or grants and agency, ACE-relevant biographical information, and whether or not a more detailed report is available from the author(s).

Footnotes should be used only for substantive comments about the text. Number them consecutively with superscripts within the text, but type them separately. References should be listed within the text itself between brackets, e.g. (Carey, 1972). Do not use *ibid.*, *op cit.*, *loc cit.*, etc. If a reference is a direct quote, also include the page number, e.g. (Carey, 1972, p. 28). For repeat citations from the same author, discriminate from one work and other produced within the same year with "a," "b," etc., e.g. (Carey, 1972a).

Bibliographic entries should begin with the reference number and be listed in alphabetical order by the (first) author's last name. Within each entry, list the first author's last name first and other authors regularly. Include full bibliographic information.

Tables and figures should be submitted camera-ready in protective cardboard. At the appropriate place in the text on a line by itself, say "Table 1 about here," etc.
