Abstract
Roundup is the major beef cattle education and outreach event sponsored by the Agricultural Research Center–Hays. The 2016 program is the 102nd staging of Roundup. The purpose is to communicate timely, applicable research information to producers and extension personnel.

The research program of the Agricultural Research Center–Hays is dedicated to serving the people of Kansas by developing new knowledge and technology to stabilize and sustain long-term production of food and fiber in a manner consistent with conservation of natural resources, protection of the environment, and assurance of food safety. Primary emphasis is on production efficiency through optimization of inputs in order to increase profit margins for producers in the long term.

Statement of Purpose

Roundup is the major beef cattle education and outreach event sponsored by the Agricultural Research Center–Hays. The 2016 program is the 102nd staging of Roundup. The purpose is to communicate timely, applicable research information to producers and extension personnel.

The research program of the Agricultural Research Center–Hays is dedicated to serving the people of Kansas by developing new knowledge and technology to stabilize and sustain long-term production of food and fiber in a manner consistent with conservation of natural resources, protection of the environment, and assurance of food safety. Primary emphasis is on production efficiency through optimization of inputs in order to increase profit margins for producers in the long term.

Acknowledgments

The authors recognize the dedicated effort of the support staff that diligently and competently cooperates in the beef cattle research program at the Agricultural Research Center–Hays. Members of this team are:

Harvey Jansonius  Wayne Schmidtberger  Mike Eckroat
Tom Lang  Matt Woydziak  Michael Purvis

The authors also recognize the committed graduate students who contributed to the beef cattle research program at the Agricultural Research Center–Hays. These graduate students were:

Scott Hill  Garret Preedy
Contributors
Many have contributed to our research activities. We especially acknowledge the following contributors who provided grants and/or funds or donated products.

AgResearch USA Limited, Asheville, NC
Bayer Animal Health, Shawnee Mission, KS
Big Creek Veterinary Services, Hays, KS
Carrico Implement, Hays, KS
Elanco, Greenfield, IN
