

Educational Considerations

Call for Manuscripts

Open Issue

Educational Considerations is a leading peer-reviewed, open-access journal published by the College of Education at Kansas State University. Now in its 49th year, *Educational Considerations* features outstanding themes and authors relating to education.

In addition to our themed issues, *Educational Considerations* serves as a sounding board for a diverse range of topics and authors. Open issues make space available for excellent manuscripts that do not align with themes we have identified for special issues. **We are currently seeking manuscripts on all topics relevant to education studies for our next open issue.**

We invite you to submit manuscripts that establish research, humanistic scholarship, essays, commentaries, and other formats exploring issues relating to teaching, learning, research in education, educational policy, or other forms of academic endeavors.

About the Journal

The College of Education's Department of Curriculum and Instruction at Kansas State University is excited to begin a new era for Educational Considerations, a national peer-reviewed journal in existence for almost 50 years. In keeping with the professional educational concept that responsible free expression can promote learning and encourage awareness of truth, contributors are invited to submit research-based manuscripts related to educational issues such as classroom practice, leadership, and policy. This journal is designed to encourage the communication of ideas throughout the realm of education. It is important for individuals in a variety of roles to participate in those conversations. We provide an open-access journal that advances dialogue which, in turn, advances the educational profession. For more information about the journal and its history, please contact executive editor Todd Goodson, tgoodson@ksu.edu or visit <https://newprairiepress.org/edconsiderations/>.
